IPR inventory and publication

Steve Crocker moved to appoint Marshall Eubanks as the IAOC Point of Contact with NeuStar on the IPR Inventory. This was seconded by Jonne and passed unanimously. The Trustees discussed the question of what the Trust needs from the over 90 boxes of material currently stored and where they should be stored. The Trustees decided to charge Marshall Eubanks and Ray Pelletier with determining how much material will need to be stored.

MIB Transfer to the IEEE

The Counsel to the Trust had prepared a License for consideration, which will be on the agenda for the next meeting. Brian Carpenter said that he thought that a copyright waiver was also required and will work with Counsel to prepare one.

Liaison w/ IPR-WG

Following discussion Jonne Soininen was appointed Observer to the IPR Working Group. Jonne will take up the issue of where IETF Copyright will reside with the Working Group.

RFC Editor

The Trustees discussed the issue of the status of independent submissions to the RFC Editor.

#### Housekeeping

As established by Trust Administrative Procedures, the IAOC Chair was recognized as the Chair of the Board of Trustees. The Trustees expressed their thanks to Lucy Lynch for taking on this additional responsibility.
